Overheard around the Nord dining room table...“The wine we tend to drink when we can open anything. Enjoying a bottle is an event unto itself.”

Diversity is a unique blend of some of the best Syrah produced in the Napa Valley. Each year Nord Estate Wines selects from the most distinctive lots of Syrah produced by the numerous ultra-premium wineries working with Syrah grapes grown by the Nord family. It's extremely unusual to be able to blend wines made by different winemakers in their own styles with grapes of a common origin. These individual wines often go on to receive accolades and high scores from respected wine reviewers. Skillfull blending by Adam Lee harmonizes the unique characters that each winemaker has brought forward from the Nord family's vineyards.

The 2002 **Diversity** features the wines of Nowy Family Wines, August Briggs Wines, Broman Cellars, Harrison Vineyards, Merryvale Winery, and Surh Luchtel Cellars.

Tasting Notes

Diversity has a velvety smooth texture that's followed by a powerful finish. Intense and concentrated dark fruit flavors of blackberry, black cherry, chocolate and spice are complimented by well-integrated tannins. Enjoy now or cellar for years.
